

# MOTHER TURNS AGAINST SON

Aids Daughter-in-Law to Divorce from Husband.

Follows Similar Action Suit Over Property.

Speaks Sorrowfully of "Other Woman."

Mrs. Ella Patterson, in two actions, stood loyally by her son-in-law, Mrs. Ethel K. Patterson, in exposing the infatuation of her son, Clarence H. Patterson, with the mother-in-law. Some time ago the mother-in-law was a woman for her daughter-in-law to get to know her property, and the latter to her husband, but the ground that it had been recently obtained from her daughter-in-law won.

Yesterday the mother-in-law took the stand and was a material aid to the daughter-in-law in obtaining a decree of divorce from her husband. She testified that she had been brought up that way. "I think he would have divorced her if I had not been there," she said.

"I pleaded with my son on numerous occasions to do the right thing," Mrs. Patterson said. "I told him that he was doing wrong, but he would not listen to me. He said that he loved her and he loved her."

"I gave him a little money," she said, "and he went away with it. I refused to give him any more, but he said that he would come back and get it. He said that he would come back and get it."

"Do you want this divorce?" she asked. "It's the best way," was the answer. "I wanted to talk it over with him, but he said that he would not listen to me. He said that he would not listen to me."

"The divorce was granted," she said. "I was not happy while he was with that woman. The divorce was granted to her. I was not happy while he was with that woman."

# ENORMOUS GERMAN ATTACK BROKEN BY THE FRENCH.

Americans in Action; Stop Raid Near Verdun.

ALLIED LINES ARE FIRM IN RENEWED BATTLE.

Prodigious Effort, Ten Times Tried, to Cut Through the French Front Fails; Slight Gains Reported.

[BY ATLANTIC CABLE AND A. P.]

PARIS, April 4.—German troops numbering well over a hundred thousand delivered a terrific attack today against the French along a front of nearly nine miles from Grivesnes to north of the Amiens-Roye road. They were met with a storm of fire from the French guns, and although the assaults were repeated time after time, they succeeded in gaining only a small section of ground.

The French retained Grivesnes, but the Germans occupied the villages of Mailly, Rainval and Moriel.

The announcement by the War Office tonight of this new offensive also says that by a powerful counter-attack the French made progress between Montdidier and Laassigny.

The official statement reads: "The battle was resumed this morning with extreme violence in the region north of Montdidier and still continues. On a front of about fifteen kilometers from Grivesnes as far as north of the road between Amiens and Roye, the Germans attacked with enormous forces, showing a firm determination to break through our front at any cost. Up to the present we have identified by prisoners eleven enemy divisions."

"Our troops with intrepid courage resisted the shock of the assailant masses, who were mowed down by our artillery fire."

"Despite their efforts, ten times repeated, the Germans succeeded, at the cost of sanguinary sacrifices, in gaining only a few hundred meters of terrain and occupying the village of Mailly, Rainval and Moriel, the neighboring heights of which we held."

"Grivesnes, which was attacked with particular violence, remained in the hands of our troops, who, after having broken down all the assaults, counter-attacked with vigor and realized progress at this point."

"Between Montdidier and Laassigny there was great activity by the two armies."

LONDON, April 4.—South of the River Somme the Germans launched heavy attacks early this morning on the British and French forces. The British War Office, on the other hand, says that the British forces have made progress in the direction of Hamel and the Bois de Valre.

On the French front, immediately on the right of the British, the Germans, according to the statement, gained ground in the angle between the Somme and the Aisne. The text of the statement reads: "North of the Somme there is no change."

# PERSHING'S CHECK TURNS WOMAN'S GRIEF TO JOY.

AMERICAN FRONT IN FRANCE, April 4.—Gen. Pershing's automobile recently made a check for a woman, turning her grief into joy.

# ILLINOIS GERMAN DRAGGED FROM PRISON AND HANGED

Mob Resents Disloyal Remarks and Finds Recourse in a Rope.

COLLINSVILLE (Ill.) April 4.—Robert Praeger, said to be of German parentage, was hanged to a tree one mile south of the city limits tonight by a mob of 250 persons, which dragged him from the basement of the City Hall here, where he had been in hiding.

Praeger was accused of making disloyal remarks in a recent address to miners at Maryville, Ill.

METHODIST CHURCH ACTS. BOSTON, April 4.—The purpose of the Methodist church to eliminate every pro-German discovered in its ranks was announced by Bishop Theodore S. Henderson of Detroit at the New England conference of the church today. The declaration was greeted with cheers.

Bishop Henderson, who is a member of the church, said that 50 per cent of his blood was German, as his mother was a native of Germany. "But," he said, "100 per cent of that blood is dedicated to wiping Kaiserism from the earth."

"Every man who will not publicly uphold the ideals and principles of the church concerning our country from the pulpits of our church we will promptly introduce to the Department of Justice. It is our purpose to eliminate every pro-German Methodist in the United States."

CARBONDALE (Ill.) April 4.—"We are fighting the German people led by William Hohenzollern, the head of the mighty military machine," declared William Howard Taft, former President, speaking here tonight before the Southern Illinois Teachers' Association.

"During the next three years we must do all in our power to end the power of Germany. Surely that nation must recognize that the war will be determined by the greatest amount of resources. Surely that nation must recognize that the war will be determined by the greatest amount of resources."

"The fighting, according to latest reports, has been heaviest in the neighborhood of Hamel, where the British were forced back slightly, and in the triangle formed by the rivers Luce and Aisne, farther to the south, where the French were forced to give ground."

Nothing is known as to the details of the battles in these sectors, but the fact that the Germans have been in a degree successful would seem to indicate that they have succeeded in bringing up some of their heavier cannon and new divisions with which to counter their attempts to capture Amiens.

HANDICAPS. Reports from the French and British fronts have mentioned heavy rains, which would mean that the Germans have been working under a severe handicap in bringing up their guns, ammunition and supplies to the front. The battlefield over which the Allies have retreated was left in a devastated condition, the roads and bridges being mined by the retreating forces. The fall in the battle for the past few days was probably caused by the inability of the Germans to move their heavy supply trains over these roads, together with the necessity of reorganizing the shattered divisions which bore the brunt of the fighting.

GOVERNORS DEMAND FIRM HAND BE LAID ON SPIES. Timorous Attitude in Dealing with Pro-Germans Rebuked at Conference.

WASHINGTON, April 4.—State Governors meeting here today with members of the Council of National Defense, urged most severe action to stamp out disloyalty and to curb the German-language press. They also advocated measures to prevent preaching in German and teaching of German in elementary schools.

Secretary Daniels, who presided as head of the council, asked the Governors to formulate resolutions supporting the bill drafted by Attorney Gregory to reach spies, traitors and disloyal persons.

When full Americanization has been accomplished, Secretary Daniels said, not only will every American be mobilized for war but "we will put the fear of God into the hearts of those who live among us and are not Americans."

Gov. Stewart of Montana said the Governors found themselves in accord with the programme of Americanization by education mapped out at yesterday's Americanization conference, but believed more vigorous measures were necessary.

The Austrian Foreign Minister, says the Daily News, has threatened to break off diplomatic relations with the United States.

# HONOR LIST BANNED BY WAR DEPARTMENT.

FORM OF ARMY RECRUITING STATEMENT CHANGED BY REQUEST.

WASHINGTON BUREAU OF THE TIMES, April 4.—Surprise was occasioned today when it became known that the War Department had changed the form of its daily regular army recruiting statement by omitting the "honor list" which shows the States that have filled their quotas and the States that lag behind.

No explanation was given by the War Department for the change. It is understood, however, objection was raised by southern Congressmen to daily publication of a War Department statement showing their States as slackers.

The last list published with the honor roll shows that all but eight States have filled their quotas. Six of these are in the South and two in the North.

The total deficiency of the six Southern States is 1235 and of the two Northern States 355.

JURY TO TRY I. W. W. IS PARTLY SELECTED.

FOUR VENTUREMEN SATISFACTORY TO BOTH SIDES IN CHICAGO TRIAL.

CHICAGO, April 4.—Four jurors had been tentatively accepted by both the government and the defense when the trial of 113 officers and organizers of the Industrial Workers of the World, accused of conspiring to hamper America's war plans, adjourned in Federal court tonight. The four men are present or former employees of labor.

In the examination of venturers the government has exercised two of its six peremptory challenges, while the defense still has its original ten challenges.

Counsel for both sides predicted tonight that the actual taking of testimony would begin early next week.

The absence of one of the four jurors tentatively accepted caused a two-hour delay in the proceedings and Judge Landis ordered an immediate recess. However, the man appeared and explained that he had overslept six hours.

# BITTER FIGHTING WINS SOME GAIN FOR GERMANS.

French and British Forced Back Slightly in Critical Sectors of Battle Line.

AFTER several days of comparative inactivity along the battle front in Picardy, bitter fighting has been resumed along the western sector of the salient in the line of the Entente Allies, says the Associated Press review. Attacks by the Germans against the British and French are admitted to have yielded some gains to the invaders in the critical sectors just to the east of the city of Amiens.

The fighting, according to latest reports, has been heaviest in the neighborhood of Hamel, where the British were forced back slightly, and in the triangle formed by the rivers Luce and Aisne, farther to the south, where the French were forced to give ground.

## GREATEST NUMBER ADVERTISE IN THE TIMES.

In Los Angeles The Times regularly prints, week in and week out, year after year, not only a larger volume of advertising, but a greater number of separate advertisements, than any other local newspaper.

This persistent day after day leadership demonstrates that The Times is far and away the most popular advertising medium in Los Angeles.

On March 31, 1918, which was another banner day for The Times, the three local newspapers printed 19,704 inches of paid advertising. Of this volume The Times columns contained 9287 inches.

The following is a tabulation of the advertising printed in the morning newspapers on the day indicated, to wit:

THE TIMES ..... 9,287 inches  
Second newspaper ..... 6,674  
Third newspaper ..... 3,723

Of 5608 inches of popular, quick-action classified advertisements published in local newspapers last Sunday, The Times printed 3232 inches, which is 57.4 inches more than the second newspaper and 3232 inches more than the third newspaper.

The foregoing facts and figures, as usual, prove beyond controversy that The Times has the greatest purchasing influence, and is used by more intelligent, discriminating and ready-buying readers, than any other one of this city's newspapers.

One hundred and twenty-five thousand copies of the incomparable Times were printed on Sunday, March 31, 1918. They were read by approximately 350,000 persons.

**ANGELENOS WILL BUILD TWELVE MORE BIG SHIPS.**

**Shipping Board Awards Additional Contracts on Previous Good Showing.**

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
WASHINGTON BUREAU OF THE TIMES, April 4.—Los Angeles gets twelve more big steel ships. Contracts were closed by the government through the Shipping Board today for an additional dozen of 800-ton vessels of the same type of construction as these now on the ways at the Los Angeles Dock and Shipbuilding Company.

This company having made much progress, the Shipping Board urged it to take on at least twenty more ships, but fearing delays in fabricating of the steel and the delivery of machinery, Fred Baker, president of the company, compromised on twelve. These will be put on as fast as the ways are cleared of the old ships.

No decision has as yet been reached regarding the dry dock to be built at San Pedro, though that is a matter of detail. The Shipping Board has committed itself to the building of a large dock that can handle the largest ships satisfactorily.

President Baker and General Manager Naphtaly of the company were in conference with Senator Phelan yesterday, and it is thought that something regarding the contract will be made public within the next few days.

David Blankenhorn of the Fulton Shipbuilding Company, who is soon going to France as a lieutenant in the Artillery Corps, is conferring with the Shipping Board concerning new ships, and is said to have made a tentative bid to build the dry dock. No confirmation of this could be obtained from the Shipping Board or from Mr. Blankenhorn, but his conference with the officials of the Shipping Board have been frequent and lengthy.

This award of ships means that Los Angeles will get \$18,000,000 more of government money, based on previous contract prices. Practically all of the money stays on the West Coast, as the most of the material disbursements and labor disbursements stay at home.

## ITALY WANTS ACTS, NOT TALK.

**Austria's Deeds Contradict Czernin's Words**

**Premier's Speech is Termed Peace Camouflage.**

**Teutonic Propaganda, Says Press of Rome.**

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 4.—Italy, like the other Allies, regards the recent speech of Count Czernin, the Austro-Hungarian Foreign Minister, as merely another phase of the Teutonic peace offensive. An official dispatch from Rome today says:

"Italian political circles consider the speech of Count Czernin as the clearest manifestation of the Austro-Hungarian propaganda. In spite, however, of the apparently graceful tone of Czernin's polemic with there is never a correspondence between words and deeds on the part of Germany and Austria."

The Austrian press to the same time discusses the colonial problem in a way to put Austria in the same line with Germany in regard to the imperialistic aims of the Central Empires.

The Italian press finds that the alleged respect for the integrity of other nations on the part of Austria cannot be reconciled with the repeated assertion that Italian provinces must be occupied and kept. At Grata, a German count has been named a resolution to the effect that Trieste must be assured to the Central Empires by a further rectification of the Italian frontier.

The same motion advocates the immigration to the Adriatic shores of Germanic populations to replace the Italian and Slavic elements living there. The irreconcilable contradiction between Austria's words and deeds is thus emphasized.

SAN FRANCISCO, April 4.—Fear of Mrs. R. M. Lawson that her daughter, Miss Vera Elliott, a San Francisco school teacher, might become entangled in German activities through friendship with E. W. Mrs. Lawson obtained possession of letters which she said Hackh had written her daughter and turned them over to the Federal authorities whose investigation induced the expulsion of the student of the university to dismiss him.

## One of the Marvels of Compound Interest

IF YOU deposit \$5.00 a week at 4% compound interest for 20 years, you can after that time draw out \$6.00 a week and still have in the bank all the money you deposited and half as much more. Sounds like a paradox, doesn't it? Figure it out and you will find it's true.

(BY A. P. NIGHT WIRE.)  
SEATTLE (Wash.) April 4.—The Seattle office of the Nippon Yusen Kaisha, a Japanese steamship company, announced today they had received a cable from Tokyo last night stating the Japanese government March 25 commandeered nine of the company's steamers.

The company announced the commandeered vessels would total approximately 60,000 dead weight tons. The vessels are to be turned over to the United States government in exchange for steel plates to be used in the construction of new Japanese ships, an agreement providing for the exchange having been reached recently by the two governments.

The vessels are the Maru, Teikoku Maru, Tokai Maru, Nanpoku Maru, Benten Maru, Kirin Maru, Yotoroku Maru, Jinsen Maru and Tosa Maru.

The vessels are freighters and have been running between Japan and India, and the Tosa Maru, has ever called at Seattle.

**RUSSIAN SHIPS SEIZED.**  
(BY A. P. DAY WIRE.)  
NEW YORK, April 4.—The United States has requisitioned for use in Entente service a number of Russian steamships formerly engaged in transporting supplies between America and Russia, according to authoritative information received in shipping circles here today.

The vessels are those which were detained in American ports when the present Russian government came into power. They will continue to fly the Russian flag. It is understood they will be operated by the Russian volunteer fleet, which represents the former Russian government in the United States and is still intact.

Some of the vessels are on the Pacific Coast and will be brought to the Atlantic Coast. Another of the ships is one which was recently held at a south Atlantic port after a mutiny and the removal of her crew charged with being supporters of the Bolsheviks.

**CEAR PART OWNER.**  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 4.—Officials here declined to discuss the report that Russian ships in American waters had been taken over for operation by this government. The number of such vessels is small, as most Russian ships are laid up at Archangel and other ports closed by the ice during the winter. Some months ago the United States chartered the vessels of the Russian volunteer fleet, a corporation in which the former Czar was the chief stockholder. The vessels were built by government subsidy and used as transports in time of war.

Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, cold, cough, give "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

This new drug is being dispensed at small cost in quarter ounce bottles, which is sufficient to take off every hard or soft corn from one's feet. It is a sticky substance which dries at once, and does not inflame or even irritate the surrounding tissue or skin. ## PLAN TO TRAIL BOLO'S FRIEND.

Inquiry to Reveal Humbert's Actions in America.

New York Acts at Request of French Ambassador.

Evidence Sought to Aid Senator's Prosecution.

(BY A. P. NIGHT WIRE.)  
NEW YORK, April 4.—At the request of the French Ambassador, the activities of Senator Charles Humbert, editor of Le Journal de Paris in this country will be investigated by Martin E. Lewis, State's attorney general. It was announced here tonight. The inquiry to be begun in New York next week, will be conducted in connection with the French government's prosecution of Senator Humbert on a charge of having had transactions with Germany.

The examination of witnesses will take place in private, but it is expected that disclosures will be made public from time to time. The evidence will be turned over to the French Ambassador.

Gov. Whitman today signed an order authorizing Alfred L. Becker, deputy attorney general, to examine witnesses. Mr. Becker conducted the recent inquiry into the operations of Bolo Fasina in America. During that investigation the name of Senator Humbert was frequently mentioned and the evidence obtained here, resulted, when presented at Bolo Fasina's trial in Paris, not only to the Senator's conviction and sentence to death, but led to the arrest of Senator Humbert and two of his associates, Pierre Lenoir and William Desouches, who are accused in France of having communicated directly with German agents.

The inquiry will include particularly an examination of Senator Humbert's deposits of money with J. P. Morgan and Company and dealings with the Bethlehem Steel Company while he was in America, in September of 1914, as a purchasing agent of war supplies for the French government.

The charge against Senator Humbert and Lenoir and Desouches is that they assisted in a widespread plot for newspaper propaganda, throughout neutral countries, on behalf of Germany. It is also charged that they accepted German money for use in purchasing a controlling interest in Le Journal, in return for which they were expected to circulate "defeatist" sentiments through that newspaper.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 4.—Conferees of the Senate and House today agreed on a bill providing severe penalties for destruction of war materials and for sabotage.

Penalties of thirty years imprisonment and \$10,000 fine are provided in the bill, which was greatly broadened in scope both by the House and the conferees, for acts which actually, or are intended, or which "there is reason to believe" are intended to injure or destroy war material and utilities.

The latter include arms, munitions, livestock, clothing, food supplies, railroads, electric lines, canals, engines, machines, vehicles, vessels, dams, reservoirs, aqueducts, water, and gas pipes, structures, electric, wireless, telegraph and telephone plants and "all other articles intended to be used by the United States or any associate nation in connection with the conduct of the war."

The legislation also penalizes willful manufacture of defective war materials, including their ingredients. A special clause provides that employees shall not be prohibited from agreeing to stop work when for the bona fide purpose of obtaining better wages or conditions.

**FOOD BOARD WARNS MAKERS OF FOOD.**  
(BY A. P. NIGHT WIRE.)  
NEW YORK, April 4.—While not advocating the discharge of enemy aliens in plants where foodstuffs are manufactured or stored, the Federal Food Board, in a statement issued here today, recommends that they should not be employed in "critical points of control" where they might be able to destroy food or place in it some foreign substance such as powdered glass.

The board's recommendations follow a warning which it issued recently, announcing that injurious substances had been discovered in bread. No reference to a plot is found in the board's statement.

**TWO-POUND FLOUR SACKS AUTHORIZED.**  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 4.—Regulations requiring flour dealers to sell wheat flour in not less than twelve-pound sacks were rescinded today by the Food Administration and a new two-pound minimum was prescribed. The purpose of the change is to make it easier for the housewife to buy equal quantities of wheat and flour substitutes.

**TESTIFIES JOB  
INTO JEOPARDY.**

Captain of Plot Vessel on  
Nation's Pay Roll.

Former Master of Mazatlan  
Tells of Voyage.

Meeting with German War-  
ship is Described.

(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, April 4.—Im-  
mediate removal of Capt. R. J. Pou-  
lsen as deputy United States Inspector  
of Customs and Collectors at Seattle,  
Wash., was requested by Washington  
officials today by Federal authorities  
here, as a result of testimony given  
by Capt. Poulsen at the trial of a  
group of Hindus and others charged  
with conspiring to foment a revolution  
against British rule in India.

Capt. Poulsen testified that he had  
been master of the steamer Mazatlan  
on its famous voyage to Mexico in  
which it met the German cruiser  
Leipzig, and the government  
charges delivered a cargo of coal to  
the German vessel on the high seas  
in violation of an agreement entered  
into here by Federal officials and the  
German Consul-General.

GERMAN BORN.  
Capt. Poulsen also said he had  
been master at one time of the  
steamer Frodo and that, although  
he was of German birth, he was a  
naturalized citizen of the United States.

The Mazatlan's cargo of coal was  
placed on lighters in a Mexican port  
and left there, floating in the bay,  
according to Capt. Poulsen. He said  
he had met the Leipzig on the way  
to Mexico and that two boats which  
he supposed contained food were  
transhipped to the German vessel.

During this meeting, Fred Johnson, a  
defendant in the present proceed-  
ing, who is not in custody, and a  
man who signed on the Mazatlan as  
a cook, went to the Leipzig on the  
way to Mexico. Capt. Poulsen said, but the  
cook, who later turned out to be a  
wireless operator, remained on the  
Leipzig.

ON THIS TRIP the Mazatlan sailed  
under the Mexican flag and later  
displayed the German emblem, Capt.  
Poulsen said. The prosecution in-  
troduced pictures some time ago  
tending to show the meeting between  
the Leipzig and Mazatlan.

On cross-examination Capt. Poulsen  
denied that he was employed  
now by the German government, and  
also said he had not suggested Bhag-  
wan Singh, prominent Hindu defend-  
ant, into this country.

Records in possession of Federal  
officials show that Capt. Poulsen is a  
brother of A. M. Poulsen, who was  
arrested here in February and dic-  
tated by the Federal grand jury on  
a charge of conspiring to ship arms  
and ammunition into Mexico.

He is at liberty on bail awaiting  
trial.

Southwest of Moreuil, says the of-  
ficial statement issued today by the  
German War Office. The attacks, it  
was said, broke down with heavy  
losses.

The text reads:  
"Western front: Fighting activity  
revived south of the Somme. By  
means of surprise and after strong  
artillery preparation, the enemy  
during the early morning and after-  
noon four times vainly endeavored  
to recapture heights wrested from  
him southwest of Moreuil. This at-  
tack broke down with heavy losses."

"Before Verdun and at Parroy  
Wood there was at times a more  
lively firing engagement."

"Eastern theater: In agreement  
with the Finnish government, Ger-  
man troops have landed on the Fin-  
nish mainland. In the other the-  
aters there is nothing new."

PARIS, April 4.—Heavy artillery  
fighting continued last night on the  
front north of Montdidier, the  
War Office announced. In ride in  
the morning, the most careful obser-  
vation of the French took prisoners and  
also captured two machine guns.

"The artillery fighting became  
very violent during the night in the  
region north of Montdidier."

"Northwest of Rheims, in the  
Champagne and on the left bank of  
the Meuse (Verdun front), French  
troops penetrated German trenches  
at several points, bringing back  
thirty prisoners and two machine  
guns. German raids east of Rheims,  
in Avesnois and north of St. Die  
were without success."

"There is nothing to report else-  
where."

BRITISH STATEMENT.  
(BY ATLANTIC CABLE AND A. P.)  
LONDON, April 4.—There was  
little activity in the battle area last  
night with the exception of hostile  
artillery fire at various points. A  
few prisoners were taken by British  
patrols.

The statement reads:  
"During the night a German ma-  
chine gun post in the neighborhood  
of Hebuterne was rushed by our  
troops and the machine gun cap-  
tured. A few prisoners were brought  
in on other parts of the battle front."

"The German artillery activity at  
different points on the battle line  
and also in the Meuse road and Pas-  
chendaele sectors there is nothing  
further to report."

FRENCH SUCCESS.  
(BY ATLANTIC CABLE AND A. P.)  
BERLIN (via London, April 4).  
—The report from general head-  
quarters this evening says:  
"During the continuation of our  
attack south of the Somme fresh  
successes have been won."

"As reprisals for the French  
bombardment of our shelters in  
the past few days, the German artil-  
lery has been subjected to our fire."

OF PLOT AT PANAMA.**

(A. P. FOREIGN CORRESPONDENCE.)  
ANCON (Canal Zone) Feb. 15.—  
Military officers here lately have  
been entertained by a story told  
them by a negro resident of the  
Canal Zone, who said he had a fan-  
tastic vision in which a beautiful  
woman warned him that 143 per-  
sons were planning to destroy the  
Panama Canal. The officers wel-  
comed this diversion from their  
otherwise wearying vigil.

(BY A. P. NIGHT WIRE.)  
NEW YORK, April 4.—Clergy-  
men of churches with members ag-  
gregating more than 4,300,000, of all  
denominations in New York State,  
twelve counties in Northern New  
Jersey and Fairfield county in Con-  
necticut, comprising the Second Fed-  
eral Reserve District, organized here  
today on behalf of the third Liberty  
Loan. A "Liberty anthem" was  
sung, devoted by the approval of  
the district's loan committee, to the  
third loan.

The Rev. Arthur J. Brown, who  
presided, said the churches were  
not concerned with the political  
aims of the war, as there were  
problems of the President Wilson, but  
were "specifically concerned with  
moral aims."

The conference is being held un-  
der the auspices of the district's  
loan committee and the national  
committee on the churches and the  
moral aims of the war.

The resolutions that the trustees  
and faculty of the normal schools of  
California be requested to use ex-  
treme caution in granting diploma  
of graduation to any student whose  
loyalty to the United States of  
America is in question. The resolu-  
tions also, open to question. Such  
lukewarm Americanism may be

DAWNS ON GERMANS.**

Has Gained with Respect to the Coming  
Decision, Writes Rosner.

(BY A. P. NIGHT WIRE.)  
AMSTERDAM, March 22. (By  
Mail to New York.)—Ameri-  
ca's aid is gaining gradually  
in importance with respect to the  
coming decision of the war. The  
war correspondent of the  
Lokal Anzeiger of Berlin, on the  
western front. He says:

"The German chief command,  
which formerly was confined to  
supplies of all kinds of materials  
and equipment, has grown as the  
Germans have been getting their  
hands free in the east. It is of es-  
pecial importance to Germany's op-  
ponents, inasmuch as American di-  
visions are expected to replace the  
Russians and Rumanians."

"The German chief command,  
however, possesses fairly full knowl-  
edge of the numbers and degree of  
efficiency of the American force on  
the continent. Adequate measures  
have been taken, and from the ad-  
vance of the war, not even any serious  
obstacle in the way of a definite  
German victory, apprehended."

"Interesting information about  
the Americans in France has been  
received in Paris this afternoon."

digestion is upset; overwork or  
worry perhaps disturbs the nervous  
system, the blood gets thin and the  
overpressed disease germs assert  
themselves. The blood fights the  
body's battles. Whenever a wound  
is received, whenever there is con-  
gestion or inflammation, to that point  
the blood quickly carries the ele-  
ments needed for blood repair—if it  
has them. But when the blood is  
thin and watery it lacks these ele-  
ments.

It is like these when so many  
physicians are in the national ser-  
vice it is more than ever the duty  
of everybody to keep up the defensive  
powers of the body to resist the in-  
vasion of disease. Most people eat  
too much. This means a waste of  
food and an overload on the diges-  
tive organs. Conserve food and your  
health at the same time by more  
careful attention to your diet.

Excessive Meat Eating.  
Notwithstanding our meatless days  
most people who are troubled with  
indigestion eat more meat than is  
good for them. Placidity is wind  
on the stomach. Excessive meat  
eating or defective nerve force is  
responsible in most cases.

Cutting down the amount of meat  
in your diet and taking a course of  
treatment with Dr. Williams' Pink  
Pills to strengthen the weak ser-  
vices that control the digestive process  
is well worth trying if you have wind  
on the stomach, sour risings in the  
throat, a feeling of weakness in the  
stomach and palpitation of the heart.

Fearing Children to Eat.  
Nothing is ever gained by forcing  
children to eat when they refuse food.  
Make sure that nothing is being  
eaten between meals to destroy the  
natural appetite and if your growing  
child does not have a healthful crav-  
ing for good, honest food at meal  
times there is something the matter.  
Threats of punishment if the child  
does not eat will not correct the dif-  
ficulty.

A stiff appetite in a growing child,  
especially if the patient is pale,  
lagged, nervous, irritable and with-  
out ambition, usually means that the  
blood is thin. A non-alcoholic tonic

After An Attack of the Grip.  
Mrs. Jennie Crutcher of No. 517  
North Barclay street, Waterloo, Iowa,  
says: "The grip left me without any  
vitality whatever. I was weak, had  
no ambition and was generally run-

down. I had no color at all and was  
wasted away to a mere shadow of my  
former self. I was reduced in weight  
from 135 to 115 pounds. My lips  
were purple. I had severe pains  
over my eyes and in my left side.  
My appetite was poor and I was fre-  
quently confined to bed for two or  
three days or more."

"I was treated by doctors but re-  
ceived little benefit. They said that  
my blood was impoverished and my  
friends thought I was going into con-  
sumption. I had been sick for six  
years when I finally decided to try  
Dr. Williams' Pink Pills. I found  
them to be a good blood builder and  
after a thorough trial I regained my  
normal weight and health. It gave  
me the great pleasure to recommend Dr.  
Williams' Pink Pills."

How to Nourish the Nerves.  
There is no tonic for the nerves  
that is not a tonic for every other  
part of the body. There is no form  
of debility that does not rob the  
nerves of nourishment. The way to  
give nourishment to the nerves is  
through the blood. This is the mod-  
ern treatment for severe nervous  
disorders and its results are seen in  
the case of Mr. D. L. Lucas of No.  
1118 East 103rd street, Cleveland,  
Ohio, a man well known in real es-  
tate circles in that city. He says:

"I slowly declined in health and  
could use my limbs with difficulty.  
During the greater part of my dis-  
ease I could get about the house only  
by holding on articles of furniture  
but at times was confined to my bed.  
My lower limbs shrunk perceptibly,  
I suffered some with shooting pains,  
my appetite was feeble and I was al-  
together in a terrible condition."

"I had taken Dr. Williams' Pink  
Pills once before and had been ben-  
efited and I thought that if I gave  
them a thorough, persistent trial  
they would do me good so I started  
taking the pills. After a few doses I  
saw that the medicine was helping  
me and I continued the treatment."

"The improvement in my condition  
continued until I was able to get  
about, and could walk any reasonable  
distance. I know that Dr. Williams'  
Pink Pills saved my life."

How to Build Up the Blood.  
The purpose of Dr. Williams' Pink  
Pills is to build up the blood. They  
do this one thing and they do it well.  
They are for this reason an invalua-  
ble remedy in diseases arising from  
bad or deficient blood, as rheuma-

tic, neuralgia, after-effects of the  
grip and fever. The pills are guar-  
anteed to be free from opiates or any  
harmful drug and cannot injure the  
most delicate system.

"I am glad to recommend Dr. Wil-  
liams' Pink Pills," says Mrs. Ros-  
sick D. MacLay, of No. 75 Norman  
avenue, Buffalo, N. Y. "As they have  
been of wonderful benefit to me. A  
few years ago I was completely run  
down through overwork and worry.  
My blood was thin and watery and I  
was very pale. I grew gradually  
worse for year and was weak and  
short of breath, especially when I  
walked up stairs, which I could not  
do without resting every few steps.  
I could not even walk across the  
room without having my heart flutter."

"I was under the doctor's care  
throughout the entire winter. I was  
not benefited by this treatment and  
began using Dr. Williams' Pink Pills.  
I noticed right away that the pills  
were helping me, for my cheeks be-  
gan to have some color and my  
strength returned. I recovered en-  
tirely after giving the pills a thor-  
ough trial. I will be glad if, through  
this statement of my experience,  
some other person is restored to  
health."

**THREE FLYERS KILLED  
IN TRAINING ACCIDENTS.**

(BY A. P. NIGHT WIRE.)  
HOUTON (Tex.) April 4.—  
Lieut. R. F. Ives of Chicago,  
Carl E. Ekstrand of Brook-  
lyn, N. Y., and Russell H. Ewigins  
of Waynesboro, Ind., were killed  
in aviation accidents at Ellington  
Field here today.

Second Lieutenant Ives was killed  
this morning when his machine  
went into a tail spin and fell. Lieut.  
Otto Epp, who was in the same ma-  
chine, was slightly injured. Lieut.  
Ekstrand and Ewigins were killed  
this afternoon. They were in the  
same machine.

Ellington Field is used exclu-  
sively by American flyers.

Tail-spins were responsible for  
both accidents, one of which oc-  
curred near the field and the other  
some distance away.

In the first accident Lieut. Ives  
and Lieut. Epp had been doing  
aerial acrobatic stunts, with Lieut.  
Ives in control, according to Lieut.  
Epp, who survived. The tailspin  
had been practiced several times.  
Suddenly the plane went into a tail-  
spin, and although he had not been  
signalled that this would happen,  
Lieut. Epp thought Lieut. Ives still

was in control. When he became  
convinced that Lieut. Ives was not  
handling the machine properly and  
that they were in the danger zone,  
he said, he attempted to right the  
plane, but found that Lieut. Ives  
was rigid in his seat, his hands "frozen"  
to the controls so that they could  
not be wrested from his vice-like  
grip. The crash then occurred, and  
Lieut. Epp regained consciousness  
some time later in the hospital.

Lieut. Ewigins, killed in the sec-  
ond accident, was an instructor, and  
with him was Cadet Ekstrand, who  
also was killed.

**6 CENTS TO PRESERVE THE QUALITY**

Low sounds of jubilee will resound through the halls of Jefferson High school this morning when it becomes known that the Jeffersons actually won an athletic contest yesterday after a continued series of defeats at almost every sport under the sun. The unlucky party in yesterday's football was the Hollywood High baseball nine, which received a 6-3 whacking that it will remember for some time.

The play was wild and woolly, but highly exciting, plenty of errors sprinkling the innings. Hows did the hearing for Jefferson, with Butties wearing the big mitt, while Becker and Whitely Packman formed the Hollywood battery. "Long Harry" Swearingin, the Jefferson yell leader, raised a terrific rumpus when he discovered that his team was actually leading the game and may never completely recover from the shock. The score:

Team	W.	L.	P.C.
Polytechnic	2	0	1.000
Manuel Arts	2	0	1.000
Long Beach	2	0	1.000
Pasadena	1	0	1.000
Whittier	1	1	.500
Los Angeles	1	2	.333
Lincoln	0	2	.000
Hollywood	0	3	.000

The last two games of the second round of league play will be run off this afternoon with Whittier and Long Beach battling at Long Beach and Poly hitting to Pasadena for an argument with the Crown City nine.

## HUNDREDS ENTER RELAY CARNIVAL.

(BY A. F. NIGHT WIRE.)  
PHILADELPHIA, April 4.—The entry list for the University of Pennsylvania relay carnival to be held April 26 and 27 is the largest in the history of the meet. The list, made public today, shows that 310 institutions will be represented in the seventy-two events. More than 325 relay teams will compete, while many of the country's greatest athletes are entered in the military and college special events.

Those who have seen both teams in action believe Poly and Pasadena to be the most evenly matched swimmers in the league.

## WEST PRETTY SURE TO GET BIG FIGHT.

DECISION WILL BE MADE IN FEW DAYS; DENVER IS THE FAVORITE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
CHICAGO BUREAU OF THE TIMES, April 4.—With Col. J. C. Miller, promoter of the Joe Willard-Fred Fulton heavyweight championship battle on July 4, back in Chicago today, something definite in the way of a battle ground will be announced inside of the next few days. Miller is expected to make a trip to Denver and Colorado Springs. These are the two most logical spots left, and sportsmen in the region of the Rockies are bombarding the colonel asking him to swing it that way.

From all appearances, Col. Miller didn't get much satisfaction on his trip East. Several promoters who said they could hold the battle in New Jersey and Connecticut didn't make any kind of a reasonable offer for the battle. Col. Miller is certain that the market for the heavyweight crown is going to draw in the neighborhood of \$200,000, and he is going to take the chance and stage it himself.

If it goes to Colorado, it will be to a decision over the twenty-round route, the real test for a titanic struggle. Out in that section of the country there is plenty of money, as was demonstrated at the time thirty millionaires subscribed a purse of \$50,000 in thirty minutes for Freddie Welsh and Charlie White, when they battled at Colorado Springs in the shadow of Pike's Peak, a couple of years ago. But Denver wants the battle and Eddie Fila, a promoter in the part of the country, has wired Col. Miller a proposition, which will be considered.

Bill Essick's Men Defeat the Senators Again.

Sacramento Outfits Rivals; Fails to Win.

Errors of the Solons Cost Them the Game.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
SACRAMENTO, April 4.—Bill Essick's Vernon Tigers registered their third straight win over the Senators, at Buffalo Park this afternoon, 4 to 2 in a rapidly played, interesting battle. Errors were directly responsible for the Tigers' victory. But one of the victor's scores can be attributed to Pitcher Bromley of the Senators.

Ten hits were credited to Sacramento and six to Vernon. The victors, however, made better use of their bingles, placing them in weak spots of the team. An error by Carter Elliott, the Los Angeles player, recently signed by Manager Rodgers, allowed the first run. Finelli booted an easy one in the third session, when two were down, and permitted another Tiger to cross the pan. Another run was made in this inning. Chabourne, with a three-bagger, brought in Mitchell, who had landed at second by his two-bagger. The visitors scored again in the ninth. Sacramento's tallies came in the seventh. There were scarcely any difficult chances for the Tigers, but for sensational plays. The team will play the fourth game of the series tomorrow after the Tigers' victory. Rodgers will use Hi West. Essick has not decided who he will start. The score:

## WEST PRETTY SURE TO GET BIG FIGHT.

DECISION WILL BE MADE IN FEW DAYS; DENVER IS THE FAVORITE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
CHICAGO BUREAU OF THE TIMES, April 4.—With Col. J. C. Miller, promoter of the Joe Willard-Fred Fulton heavyweight championship battle on July 4, back in Chicago today, something definite in the way of a battle ground will be announced inside of the next few days. Miller is expected to make a trip to Denver and Colorado Springs. These are the two most logical spots left, and sportsmen in the region of the Rockies are bombarding the colonel asking him to swing it that way.

From all appearances, Col. Miller didn't get much satisfaction on his trip East. Several promoters who said they could hold the battle in New Jersey and Connecticut didn't make any kind of a reasonable offer for the battle. Col. Miller is certain that the market for the heavyweight crown is going to draw in the neighborhood of \$200,000, and he is going to take the chance and stage it himself.

If it goes to Colorado, it will be to a decision over the twenty-round route, the real test for a titanic struggle. Out in that section of the country there is plenty of money, as was demonstrated at the time thirty millionaires subscribed a purse of \$50,000 in thirty minutes for Freddie Welsh and Charlie White, when they battled at Colorado Springs in the shadow of Pike's Peak, a couple of years ago. But Denver wants the battle and Eddie Fila, a promoter in the part of the country, has wired Col. Miller a proposition, which will be considered.

The last two games of the second round of league play will be run off this afternoon with Whittier and Long Beach battling at Long Beach and Poly hitting to Pasadena for an argument with the Crown City nine.

ONE YEAR OF WAR;  
NINE BILLION DOLLARS.One-sixth of the Amount Derived from  
Taxation and the Rest by the  
Sale of Liberty Bonds.WASHINGTON, April 4.—Nine  
million dollars is the ap-  
proximate cost to the United  
States of one year of war.More than one-half has gone  
to the allies, which will be re-  
paid eventually; over one-third has  
been spent for the army and navy  
establishment, one-tenth for  
navy, and one-fifteenth for  
airplane.Just one-sixth of this big war  
cost has been raised by taxation  
and other ordinary sources of re-  
venue, and the balance has come  
from the sale of liberty bonds and  
certificates of indebtedness.Enormous as these war expendi-  
tures may seem to a country whose  
government in peace times costs  
about \$700,000,000 and \$800,000,000,  
they are less than Great Britain's  
and only about two-thirds of  
France's.A year ago, slow progress of  
the shipbuilding programme and  
the regarding of the outpouring  
of supplies are regarded by officials  
as the chief reasons why ex-  
penditures did not equal estimates.

BILLION A MONTH.

Government expenses now are  
about \$1,000,000,000 a  
month, with somewhat less than  
half going to allies, who spend the  
rest of their loans for war  
materials in this country.

STATE EXPENSES DOUBLE  
IN SEVEN-YEAR PERIOD.Increases Out of Proportion to Growth of  
Population, Says the Controller.SAN FRANCISCO, April 4.—Ex-  
penditures of the State of Cali-  
fornia have increased nearly 50  
per cent in seven years and ex-  
penditures by counties have in-  
creased even more, John S. Cham-  
berlain, State Controller, told mem-  
bers of the Home Industry League  
of California today.Chamberlain's address was an ex-  
planation of the government's ac-  
counting in urging "war savings." He  
said expenditures of the various  
counties and the state govern-  
ment had increased far out of pro-  
portion to the increase in popula-  
tion and wealth.County expenditures have in-  
creased 118 per cent in seven years  
and the increase in population  
has been only 41 per cent. "We  
are spending \$20,000,000 a year  
on roads and bridges, but a  
small deal of that money is wasted  
in account of politicians," Cham-  
berlain said."We are spending \$10,000,000 a  
year on schools—but we need a  
reform, to see what this vast amount  
is being spent for. Our bonding  
system is rotten—is monstrous.  
Bonds that sold for \$1000 to pay  
for the improvement of San Francisco  
Harbor, will cost the State \$3000 to  
repay. Our money legislation is  
largely in the hands of people un-  
fitted to handle the disburse-  
ment of large sums."The remedies for this condition  
are—tell the truth to the news-  
papers; let them stir up the inter-  
est of the taxpayers by telling them  
how their money is being wasted; let  
us create a central bond bureau with-  
out whose approval no bonds of any  
kind may be issued by city, county  
or State; and let us all vote for the  
amendment to come up at the polls  
in November to make it illegal for  
any city, county or the State govern-  
ment to exceed the previous  
year's expenditures by more than 5  
per cent in any one succeeding year.Controller Chamberlain emphatically  
approved President Wilson's state-  
ment that if the War Savings cam-  
paign really succeeds in teaching  
thrift to the American people, the  
cost to this country because of its  
participation in the world conflict  
would be money well invested.

NEW AUSTRIAN PLUNGE  
INTO ITALY IS FORECASTWASHINGTON, April 4.—Indi-  
cations that the Austrians  
are waiting only for a favor-  
able weather to launch another at-  
tack upon the Italian front, were  
reported today in an official dis-  
patch from Rome."The military critics," says the  
dispatch, "are of the opinion that  
the Austrians intend to wait the results  
of the offensive in France before  
attempting to deliver the blow  
which they have been preparing  
for some time."The dispatch also says that the  
Austrians are transferring large  
numbers of troops from the Piave  
to the mountain zones. Evi-  
dently the Austrian command has  
concluded that the Italian resistance  
is weakening and that the  
Austrians have more confidence in  
the success of their attack.BRITAIN REDUCES  
ITS FLOATING DEBT.LONDON, Feb. 15.—The Chan-  
cellor of the Exchequer announced  
today that since January the floating  
debt had been reduced by about  
£33,000,000 largely  
out of the proceeds of the na-  
tional war bonds. Up to the end of  
last week the applications for these  
national war bonds totaled 235,  
000,000. This system of continuous  
borrowing has been adopted by him  
as a substitute for a loan and he  
had every hope that it would be  
successful.

Time.[BY A. P. NIGHT WIRE.]  
SAN FRANCISCO, April 4.—A. G.  
Daniels, W. A. Spicer and W. T.  
Knox, all of Washington, D. C.,  
were re-elected today respectively  
president, secretary and treasurer of  
the general conference of Seventh  
Day Adventists, now in session here.Among other officers elected were:  
E. E. Andrews of Glendale, Cal.,  
vice-president for North America, of  
the general conference; L. H. Evans  
of Washington, D. C., vice-president  
of the general conference for Asia;  
J. E. Fulton of Shanghai, China,  
vice-president of the general con-  
ference for India and Australia; O.  
Montgomery of Buenos Aires, vice-  
president of the general conference  
for South America.When he completes his present  
term, President Daniels will have  
held the position twenty-one years.  
It is his fifth consecutive re-election  
as president of the conference. "I  
believe we are facing the most se-  
rious hour the world and church  
have ever seen," Mr. Daniels said,  
"and I look forward during the next  
four years to a time of stress and  
upheaval beyond anything experi-  
enced. We shall be tested to the  
utmost of our wisdom, our valor and  
our strength."SAILORS ARE SOUGHT  
FOR MERCHANT SHIPS.CALIFORNIA OFFICE URGES TO  
SPEED UP RECRUITING  
OF MEN.[BY A. P. DAY WIRE.]  
SAN FRANCISCO, April 4.—Im-  
mediate action to officer and man  
ships of the American mer-  
chant marine, and those com-  
mended from the Dutch govern-ment has been decided upon by the  
recruiting service of the United  
States shipping board, according  
to a telegram received today from  
Henry Howard, national recruiting  
director, by Farman P. Griffiths,  
California recruiting chief. "The  
definite steps to solve new  
problems arising from the great Ger-  
man drive were taken at a con-  
ference in Boston between ship-  
ping board representatives and repre-  
sentatives of the shipping industry,"  
the telegram said.Plans were discussed for im-  
proving on local exemption boards  
the need of granting immediate  
exemption to all men known to be  
mariners, as provided in recent regu-  
lations, in order that they may be  
sent abroad ships at once. Service  
on merchant ships is now as im-  
portant as service in the trenches.  
It takes the place of military serv-  
ice, from which sailors are exempted.  
The checking of the German drive  
emphasizes the shipping crisis."Experienced men without li-  
censes will be given intensive train-  
ing in our forty-free navigation or  
engineering schools to qualify them  
as officers. Any man that can serveas an officer, who does not offer  
his services, is deserting his country  
in its time of need."The shipping board maintains free  
navigation schools at San Francisco,  
Los Angeles and San Diego, in Cal-  
ifornia. It also has schools at Fort-  
land and other northern points.REPLY TO CZERNIN  
PLEASES ITALIANS.[BY ATLANTIC CABLE AND A. P.]  
PARIS, April 4.—A. Navas dis-  
patch from Rome says:"Political circles are unreservedly  
satisfied by Premier Clemenceau  
giving the lie to Count Czernin, the  
Austro-Hungarian Foreign Minister.  
It now is hoped that the basis of  
a possible agreement with Austria  
and separate peace is forever dis-  
missed. In the repeated statements  
had faith shown by her statement,  
Austria is regarded as more than  
ever Germany's slave. By her Ger-  
many succeeded in making war and  
by her Germany now is trying to  
make peace."

HAIR COMING OUT.

Dandruff causes a favored hairstyle  
of the scalp, the hair root is forced  
out of the scalp, and the hair falls  
out. To stop dandruff, use the  
hair oil, get a small bottle of  
a little in your hand, rub it on the

## How Big Should the Gasoline Tank Be?

With one filling—270 miles to go—how  
big should the Gasoline Tank of a car be?Your answer to the above question would  
undoubtedly be: "It depends on how much  
gasoline a car needs."Exactly.  
The Franklin Car (on the left) scientifi-  
cally free from unnecessary weight, runs 270  
miles on its gasoline tank capacity of 13½  
gallons, at the rate of 20 miles to the gallon.The average heavy car (on the right) to  
run the same distance would require a  
cumbersome gasoline tank of 27 gallons, at  
the rate of ten miles to the gallon.

Why?

Simply because of the mechanical law—  
as old as the ages—that weight requires powerin proportion to move it. And the more power  
needed, the more gasoline consumed. Where-  
ever there is excessive weight, there is friction,  
wear and drag—and it always shows up  
in the gasoline tank.The heavy car is bound to burn up fuel  
dragging around its own excessive weight.  
The Scientific Light Weight Franklin, with its  
balanced, flexible construction, uses fuel to deliv-  
er power to the rear wheels in driving force.Why Franklin Sales Increased  
Last Year 135%These are acid-test times for a product  
of any kind. A motor car, merely to justify  
its existence, must prove that it is not waste-  
ful or extravagant.But when a car not only does this, but  
increases it 135% last year against  
the 12% increase of all other fine cars—it con-  
clusively proves one thing: that a great many  
thoughtful people have selected that car as  
meeting the needs of today.You've heard people all around you talk-  
ing Franklin and High Gasoline Mileage;  
your common sense tells you that it can't be  
an accident—there must be facts back of it.Drop in the Franklin Sales Room and get  
the facts. The Franklin story is short and  
simple, and there isn't an "if" or "but" in it.  
The remarkable Franklin Sales increase is  
just the culminating triumph of a car that has  
been piling up Economy Records for sixteen  
years.

Clark of the University of Chicago, representing the Committee on Public Information and a member of the National Advisory Council of the government, will speak before the Rotary Club, at No. 741 South Broadway, at noon today. His subject will be "First Hand Information." Following the talk, delegates to the Kansas City convention, June 24 to 28, will be nominated. Sunday evening, the 14th Inst., club members and their families will hear a special sermon by Dr. Carl S. Patton in the First Congregational Church.

On Italy in War.  
Prof. Charles Upton Clark, of the American Academy in Rome, will give his first public lecture in Los Angeles on "Italy's Part in the Great War," in Trinity Auditorium, next Wednesday evening. Prof. Clark has but recently come to America after a year here and the Italian battle fronts, where the government placed every facility at his disposal for the gathering of lecture material and motion pictures. These pictures are some of the most remarkable taken during the war. It is said for they show the perilous work of Italian engineers and soldiers on the snow-capped heights of the Alps, where the hazards risked by the photographers themselves cost the lives of four motion picture operators.

## LIBERTY BOND BILL SIGNED.

Loan Campaign Tomorrow, Continues Four Weeks.

Bond Printed Within Hour After Wilson's Approval.

President to Deliver Keynote Speech at Baltimore.

(BY A. P. MONT WIRE.)  
WASHINGTON, April 4.—The legislative session for the third Liberty Loan was held tonight, when Congress completed and President Wilson signed the bill authorizing issuance of additional bonds at 4-1-4 per cent.

Earlier in the day the treasury announced that the bonds would mature in ten years; that the loan campaign, opening Saturday, will continue four weeks until May 4, and that after the initial payment of 8 per cent, on subscription, it would be due respectively on May 23, July 18 and August 15. The amount is \$2,000,000,000, and over-subscriptions and only the details to be determined by the treasury are the arrangements for conversion of the first and second loan into third Liberty Bonds.

Within an hour after President Wilson signed the bill the completed bond of the third Liberty Loan came from the press of the Bureau of Engraving and Printing. It was a \$50 "baby bond," and was laid aside by James L. Wilmett, director of the bureau, for special disposition to be determined later. Forty thousand more bonds will be turned in the morning, 100,000 by Saturday, and thereafter they will be turned out at the rate of 50,000 a day.

Reports of the treasury today told of workers all over the country preparing for celebrations Saturday for the opening of the loan campaign, and the anniversary of the entry of the United States into the war. The keynote for the big popular war credit, to be sounded by President Wilson in a speech at Baltimore and by Secretary McAdoo at Philadelphia, will be echoed by scores of other speakers at local meetings from coast to coast.

Returning today from a four days' vacation, Secretary McAdoo is expected to make a speech at Baltimore and by Secretary McAdoo at Philadelphia, will be echoed by scores of other speakers at local meetings from coast to coast.

## PRINCE OF WALES SEEN TO "BLUSH DEEPLY."

(A. P. FOREIGN CORRESPONDENCE.)

LONDON, March 10.—The Prince of Wales, when going through the ceremony of taking the oath and his seat in the House of Lords, is said to have blushed deeply, and behaved exactly as a nice, shy, well-bred English boy should. He spoke in a clear, youthful voice, without mumbling or hesitation, when he took the oath of allegiance to his royal father, King George V.

The Prince sat a minute or two only after the ceremony and went out to change the scarlet robes for the blue and white of a civilian. He returned to the chamber shortly after to listen to the debate.

Local Bad for Spoiled Darlings.

The days are today-turvy in truth when a man is fined, as was a "social favorite" in Baltimore recently, for living a life longed for by many moral if weak mortals, a life of idleness, ease, luxury. If the Maryland idea takes root and grows it is easy to foresee officers of the law haling men into court on the charge of being "well known men about town," and the affronted judge responding: "Thirty days!"—[New York Sun.]

though unity at home is essential  
to the winning of the war, con-

Mr. Hays, chairman of the Republican  
National Committee, said tonight  
in an address in a public reception

"I would want to assume that

Referring to the part of  
the public party in the war, Mr.  
said:  
"The loyalty of the Repu-  
party has always been and  
will be measured only by its  
actions. The Republican  
shall strive with every means  
in its power to win the war  
with the war now. In this

WITHDRAWN BY MERRITTState Food Administrator Reconsiders  
the Circulation of Pledge-Cards.  
May do so Later On.SAN FRANCISCO BUREAU OF THE TIMES, April 4.—For  
the present, the plan of State Food Administrator Merritt to  
circulate pledge cards promising total abstinence from the  
wheat and wheat products in Los Angeles households will  
be put into effect. The campaign was to have been started  
yesterday morning with about 3000 precinct workers of the Los  
Angeles City Council of Defense in the field to completely canvass  
the city. A telegram was sent to Louis M. Cole, city food ad-  
ministrator for Los Angeles, advising him of the change in plan.  
At the Food Administration office tonight it was stated that  
the decision was decided upon in view of the fact that as the Liberty  
loan drive is imminent, it will be better for all concerned not to  
disturb existing conditions nor to withdraw so large  
number of prospective loan solicitors from the field.

So far as practicable, the underlying motive of the pledge-  
campaign will be carried out, although no actual signatures  
will be secured. That is, it is the expressed desire of the State  
Food Administration that the utmost economy be observed in the  
use of wheat and wheat products and that those who can do so  
will do so from their use. Later the pledge cards may be circulated.

The campaign to secure volun-  
tary pledges from Los Angeles  
householders to abstain from wheat  
products until the next  
wheat crop is due, was  
the idea of Ralph Mer-  
ritt, Food Administrator, ap-  
proving based on Mr. Hoover's re-  
commendation that wheat-to-

Telegram from Mr. Merritt to  
Mr. R. Burdette, woman di-  
rector of the State Food Adminis-  
tration, stated that it was his  
policy the pledge campaign  
and that the results ob-  
tained throughout California.  
pledge campaign was planned  
households only, the provisions  
and restaurants having  
voluntarily set forth by Food  
Administrator Hoover in his public  
statement of March 13.

Baking and milling men,

pealing of it in this city.  
The millmen will be  
not enough substitutes to  
the bakers, hardest

ready for anything that is

For the good of the nation but they  
do not wish to have to close down  
here for lack of business unless sim-  
ilar no-wheat measures are taken  
elsewhere.

Of the matter, P. S. Coates, gen-  
eral manager of the Sperry Flour  
Company, here, said that if the issue  
is made national and not sectional  
this company is ready to meet any  
condition which may arise.  
He strikes the most optimistic  
chord of all the millers, saying that  
the plant can provide plenty of rye,  
oats, and corn flour.

"We can obtain all the substitutes  
we want," he declared, "and our  
ability to feed the people with wheat  
substitutes is based upon the effi-  
ciency of the railroads to bring to us  
all the substitutes we need. The  
Sperry mills in Los Angeles are  
now turning out 400 barrels of flour  
substitutes per day, and we could  
quickly expand the capacity. It will  
not be necessary for any milling or  
baking concern to shut down."

"I don't think that Los Angeles  
ought to do more than the rest of  
the country," is the way W. E. Kel-  
ler, a Globe Milling Company  
puts it. If the other cities and States  
come in we will abide by any de-  
cision which will help to win the war,  
however.

The Globe concern has an enor-  
mous stockpile of wheat and wheat  
products.

BIG SALES FOR  
PERISHABLES.Transportation Conditions to  
East Improved.Head of Federal Bureau on  
Tour of Survey.Says Government Looks to Us  
for Large Crops.

G. Harold Powell, general man-  
ager of the California Fruit Grow-  
ers' Exchange and head of the dis-  
tribution of perishable food products  
for the National Food Adminis-  
tration, arrived in Los Angeles yester-  
day for a two-weeks stay. He came  
for the purpose of looking after  
matters in connection with the cit-  
rus business and to make a com-  
plete survey of the food situation in  
California.

He estimates that the production  
of Valencia oranges will be about  
75 per cent. of normal and says  
that the crop, which is soon to be  
harvested, ought to find swift and  
satisfactory sale. The working  
people are receiving good wages, he  
says, and people in general are  
turning their attention to poultry  
vegetables and fruits as substitutes  
for the more concentrated foods  
now being exported. He is of the  
opinion that the buying power of  
the public is sufficient to insure good  
returns for the Valencia.

RETURN TO NORMAL.  
Discussing his branch of the  
work for the Food Administration,  
Mr. Powell said:

"Conditions surrounding the  
transportation of perishables are  
gradually improving, and I look  
for favorable improvement from now  
on. During the winter there was  
a great deal of congestion, affect-  
ing adversely the California move-  
ments, but schedules have been re-  
established on almost a normal  
basis and I look for normal condi-  
tions within two weeks."

"It is the policy of the Food Ad-  
ministration to encourage in every  
way the growth and use of all kinds  
of perishables, because they can  
replace the more concentrated ex-  
portable foodstuffs. The adminis-  
tration purposefully every way to  
develop the production of perish-  
ables and it will co-operate with  
the railroad administration to give  
such products the widest possible  
distribution."

TREAT ALL ALIKE.  
"Many persons have written to  
inquire whether the Food Adminis-  
tration will look with favor upon  
any particular kind of perishable  
food. I am advised that all kinds  
of perishables will be treated alike."

"The Food Administration is  
pleased with the way in which the  
citrus business in the community and his  
familiarity with commercial affairs  
as well as his knowledge of food  
problems."

"California responded nobly last  
year when called upon to increase  
food production, and I expect to find  
during my survey of the next two  
weeks that she has done herself  
proud again. The Food Adminis-  
tration expects big things from this  
State and I am sure that it will not  
fall short of the expectations."

## MRS. DELMAS DEAD.

Wife of Attorney Passes Away at  
Santa Monica Home After  
Brief Illness.

Mrs. Pauline Hoge Delmas, wife  
of Delphin M. Delmas, the attorney,

the family residence, No. 402 San  
Vicente avenue, Santa Monica. She  
had been an invalid for several  
years, but was seriously ill only  
three days. The funeral arrange-  
ments have not yet been made.  
Mrs. Delmas was the daughter of  
Col. Joseph T. Hoge, a prominent  
pioneer of San Francisco, and for  
many years she was prominent in  
charitable work. She was the wife

Miss Antoinette Delmas and Mrs. D.  
B. Barnes, both of Santa Monica.

ALBERT M. GLOYD DIES  
FOLLOWING OPERATION.Wealthy Lumberman, Principal in Sensa-  
tional Divorce Case, Taken.

A. M. GLOYD, No. 316 South  
St. Andrews place, president  
of Gloyd Lumber Company  
and principal in one of the most  
sensational divorce cases ever tried  
in the local courts, died last night  
in the Methodist Hospital following  
a major surgical operation to  
which he submitted a few days ago.  
He was a native of Kansas City,  
Mo., and was 59 years old. His  
residence here extended over a  
period of three years. He leaves  
three brothers who are W. D.  
Gloyd, this city; F. M. Gloyd of  
Oklahoma City, and F. E. Gloyd of  
Kansas City. Funeral arrangements  
have not yet been completed.

The Gloyd divorce case developed  
out of his marriage to Mrs. Maleta  
Smith, a divorcee aged 31. In Den-  
ver, December 10, 1914. They  
came here to live, and resided for  
a time at No. 1928 South Harvard  
boulevard, in splendid fashion, but  
after a little more than three  
months of wedded life they had a  
quarrel which resulted in Mrs.  
Gloyd leaving the house and taking

up her residence with her mother,  
Mrs. Emma Smith, at the Bryson  
apartments.  
In the fall of 1916 Mr. Gloyd filed  
suit for divorce the allegation being  
that his young bride had "framed  
him up" in order to get his money  
away from him. He charged her  
with having conspired to have his  
nurse, Louise Smith, get him into  
a compromising position in order  
that the wife might come in and  
claim a considerable amount of  
husband's money.

Mrs. Gloyd filed a cross-complaint  
to the divorce proceedings, charging  
that her husband had conspired  
with Louise Smith, the nurse. When  
the case finally came to a show-  
down, Mr. Gloyd won the decree.

Mr. Gloyd testified that he  
was giving her 52 per cent. of his  
property, which was valued at  
\$40,000, and that immediately she  
requested him to remake the will,  
giving her mother all of the prop-  
erty intended for the wife.

Mrs. Emma Smith and her  
daughter, Mrs. Gloyd, have been  
living at La Cresentia in recent  
months. The mother is reputed to  
be quite wealthy. She is the  
widow of a Texas oil operator.

## Loyalty Taught in Three Lessons.

Made to Kiss all  
the Allies' Flags.

"Treatments" given Fremont Behne.

For alleged pro-Germanism by fellow-employees of the Southern California Iron and Steel Company last  
evening.

## TO RING DOWN CURTAIN.

Funeral Services for Former Popu-  
lar Actor will be Held  
on Monday.ALLEGED PRO-GERMANISM  
GETS STRENUOUS "CURE."

THE "Boston tea party" of  
which history tells had little  
for applied patriotism upon  
the "reception" which was given  
Fremont Behne of No. 943 East  
Forty-fifth street, at the plant of  
the Southern California Iron and  
Steel Company, Fourth and Mateo  
streets, yesterday evening.

Because, it was charged, he had  
given utterance to pro-German re-  
marks, Behne was captured at the  
bench in the tool shop when the  
whistle blew at 5 o'clock and was  
conducted out into the back yard,  
where a crowd of husky employees  
forced him to kiss the flags of the  
United States, France and England.  
They then stripped him to the hide  
and turned the hose on him. Then,  
at the word of command, Behne  
gave three cheers for the Red,  
White and Blue. Then they wrapped  
him up in the flag.

L. E. Sommers and W. E. Evans,  
employees at the plant, say that  
Behne went to work there early in  
January, and that since then he has  
been heard to remark that he  
hasn't taken any Liberty Bonds and  
neither have his rich relatives, and  
that he is glad of it; that he hoped  
the Germans would overrun France  
and kill every Englishman in sight.

The men at the mill decided to  
put him through a course of natu-  
ralization ceremonies. As soon as  
the mill shut down for the day they  
sent two men to escort him to the  
yard. They expected him to offer  
resistance, but he went along dog-  
gedly, and submitted gamely.

MICHIGAN SENATOR TO  
RETIRE AT END OF TERM.

DECLARING that he will retire  
to private life at the end of  
his present term in the Senate,  
United States Senator William Al-  
den Smith of Michigan, arrived in  
Santa Ana yesterday for a visit with  
his mother, Mrs. George R. Smith,  
and sister, Mrs. Ella Campen, at  
No. 241 French street. He came to  
the Coast primarily to see his son,  
Adm. William Alden Smith, Jr., con-  
nected with the aviation section at  
Kelly Field, Texas, who has been  
ill with pneumonia at San Diego.

"I have contemplated nothing that  
would embarrass Senator Wilson,  
in carrying out his war programme,"

declared Senator Smith. "I have  
thrown my strength toward sup-  
porting the President's war plans.  
The United States will soon be in  
the fight up to its neck, and we are  
going to stay until we win. There is  
no question about the determination  
of this country to go through what-  
ever is necessary to bring victory.  
The government's work right now  
is being conducted more efficiently  
than at any time since war work  
started."

"I admire Secretary of War Baker,  
and I consider him one of the  
strongest men in the Cabinet. Good  
results are sure to come from his  
visit to the front. Baker has two  
ears and one mouth, and he uses  
them."

BIG PARADE TO LAUNCH  
LOAN DRIVE TOMORROW.Patriotic Pageant and Programme will  
Commemorate the Entrance of  
America into War.

COMMEMORATING America's  
first anniversary as a partici-  
pant in the great war, and  
launching the third issue of the Lib-  
erty Loan here, a parade and sports  
carnival never before surpassed in  
this city will be held tomorrow.

The gigantic patriotic and mili-  
tary pageant, which will start from  
Ninth and Spring streets tomorrow  
afternoon at 1 o'clock, will consist  
of thirty-five divisions, and will be  
the most thrilling parade held in  
Los Angeles since hundreds of thou-  
sands marched in the colonial pre-  
paredness pageant several years ago.

Soldiers, sailors, marines, civilians,  
Red Cross nurses, Red Star work-  
ers, Liberty Loan officials and civi-  
leaders are strenuously working to  
make the affair a huge success. If  
the arrangements being made by the  
committee in charge of the parade  
are to be taken as a criterion of the  
manner in which the entire cam-  
paign is to be conducted, Southern  
California will go "over the top" in  
the third issue of the loan and have  
some to spare.

A single bomb will explode five  
minutes before the parade is sched-  
uled to start, and the explosion of  
two bombs will be the signal for  
the entire pageant to move. Six  
bands will furnish the martial mu-  
sic, to which the thousands of partici-  
pants will march.

STARTS AT ONE.  
The parade will start promptly at  
1 o'clock from Ninth and Hill  
streets and will proceed east on  
Ninth street to Spring street, north  
on Spring street to Broadway, south  
on Broadway to Ninth and Tenth  
streets, where it will disband.

Immediately following the parade,  
Supt. Davis of the Los Angeles Rail-  
road will arrange a special car ser-  
vice to take thousands to Maier Park,  
Vernon, where the largest sports car-  
nival ever held in the city will start  
at 3:30 o'clock.

A \$10 show is promised by the  
Liberty Loan Committee for 50 cents  
general admission, and \$1 for re-  
served seats. Special car service  
will be arranged at Seventh and  
Main and Seventh and Spring streets  
direct to Maier Park.

The Liberty Bond Committee an-  
nounced that tickets will be on sale  
Friday and Saturday at all banks,  
hotels and prominent business  
houses.

This great carnival is given by the  
Liberty Loan Committee and all re-  
ceipts will be used in defraying the  
expenses of the big parade and other  
celebrations in the launching of the  
third Liberty Loan drive.

JEFFRIES TO REFEREE.  
James J. Jeffries will act as re-  
eree of the boxing bouts and will

be assisted by Prof. Billie Manning  
and Prof. De Witt Van Court.  
Charles Murray of screen fame will  
act as master of ceremonies. Cham-  
ber Contre, Renee Arbuckle, Billie  
Summerville and Ben Turpin will  
be on hand to provide amusement  
that will occupy every spare  
moment of the afternoon.

In the grenade-throwing contest  
Howard Ehnke of the Submarine  
Base and late of the Detroit Tigers  
has challenged an expert grenade  
thrower from Camp Kearny to a  
test of skill, and promises to show  
how the Americans naturally excel  
in this war sport. The grenade-  
throwing contest will be conducted  
with trenches three feet wide, the  
contestants being divided into two  
teams of three men each throwing  
the grenades fifteen yards while be-  
ing down, twenty yards while kneel-  
ing and twenty-five yards while  
standing. Each man will be given  
three grenades in both the re-  
cumbent and distance contest, and  
each grenade landing in the trench  
counts one point.

A special feature is announced to  
the exhibition bout between Ameri-  
ca's ex-champion great middleweight,  
Kid McCoy, and Willie Weisha.  
Cost heavy-weight champion.

Three bands will provide music,  
100 pieces in all, and every minute  
is promised to be full of excitement.

BOXING PROGRAMME.  
Among the boxing bouts arranged  
are the following:

Boxing matches by soldiers from  
Camp Kearny will lead the card, and

FIRST BOOTLEG ARREST  
MADE UNDER NEW LAW.

THE first arrest under the new law against bootlegging was made yesterday by detectives of the metropolitan squad, when Robert Johnson, manager, and John Scott, assistant manager, both colored, of the Big Four Waiters and Cooks' Club at No. 1391 1/2 South Central avenue, were taken into custody.

According to the police, several thousand dollars' worth of whiskey, cordials, vermouths, valuable wines and heavy beers were found at the Central-avenue address. A part of the equipment of the club consisted of a large mahogany bar, which the police seized as evidence, as they did the wine and whiskey being sold to patrons.

Detectives Bergman and Miller said last night they had known for the last two days that a Central-avenue address a full-fledged saloon was in operation. For two days they trailed negroes towards Twelfth street and Central avenue, and always lost their quarry at the corner.

Last evening, however, the two officers had better luck and were able to follow a party straight to the saloon, where they found several negroes sitting around drinking. While others were served at the bar. When the liquor was seized the place was locked up. The two conductors of the saloon were held without bail at Central Police Station.

WATTS "DRYS" LAUNCH A  
DRIVE ON "WETS" SECTOR.

BATTING was resumed between the Watts wets and dries in the District Court of Appeal yesterday, where the dry sought to enjoin Superior Judge Wells from further hearing of the action brought by E. G. Van Zant against the city of Watts to restrain the sale of liquor in that city. The writ of prohibition is made returnable this morning, at 10 o'clock.

The complainants in the bill are the city of Watts, the Board of Trustees, consisting of J. S. Lange, Calvin W. Sanders, Carl Platt, Charles Moore, and J. J. Hohn, together with Francis O. Kelly, City Clerk of Watts.

It is asserted that a petition was filed with City Clerk Virgil O. Franklin, on March 29, 1917, containing the names of 551 voters, and that on October 9, 1917, Franklin certified the petition as being sufficient under the law. On March 12, 1918, the Board of Trustees adopted an ordinance providing for the submission of the question whether liquor should be sold in Watts under the provisions of what is known as the Wylie Act.

They began it.

On March 28, last, E. G. Van Zant filed an injunction to restrain the Board of Trustees from placing the proposition on the ballot to be voted at the April election. A demurrer to the complaint was filed by the dry faction, and overruled, and Judge Wells ordered the trial to proceed. The court held that the city was not bound by the action of the City Clerk.

The jurisdiction of the court is attacked in the bill, and the claim made that the decision is erroneous. It further declares that should the court find that the petition is insufficient, then, in order to test the jurisdiction of the court by an appeal, the time necessarily consumed will make it impossible to have a final decision before the date fixed for the Watts election.

The battle in Judge Wells' court has been pending the hearing of the petition for a writ of prohibition in the Appellate Court. Judge Wells on Wednesday overruled the demurrer of the city of Watts, which was a victory for the wets. The dries are now attacking the trenches on another line.

The main point is whether the petitions are invalid because the names of the voters were not properly certified. The law states there must be no deviation from the signatures.
